

Un serveur VPN à domicile

<http://lifehacker.com/5978098/turn-a-raspberry-pi-into-a-personal-vpn-for-secure-browsing-anywhere-you-go>

```
sudo wget  
https://secure.logmein.com/labs/logmein-hamachi_2.1.0.68-1_armel.deb  
sudo apt-get update  
sudo apt-get install --fix-missing lsb lsb-core  
sudo dpkg --force-architecture --force-depends -i logmein-  
hamachi_2.1.0.68-1_armel.deb
```
